Meet Uniform – Care & Storage

STORAGE:

-We recommend keeping everything on one hanger – hang the pants on the bottom, hang the leo hung over them, put the warm up jacket over the leotard with the scrunchie over the hanging part. Preferably in a garment bag 😊 This will ensure that all of your meet day belongings are in one place on meet day for a stress-free meet morning!

WASHING INSTRUCTIONS:

Proper care helps maintain the quality, fit, and performance of your OZONE apparel.

DO:

- Use mild liquid detergent
- Machine wash individually on a delicate cycle (cold water)
- Wash garment inside out
- Remove immediately after washing
- Lay flat to dry

DO NOT:

- Tumble dry
- Use bleach, fabric softener, or dryer sheets

OZONE recommends Ivory Snow Liquid detergent.

Note: Fabric fading may occur due to washing, perspiration, friction, and other external factors.
